Street Work: Corley Street at 5th Street

Beaumont, Texas – Beginning tomorrow, May 17, the city will begin construction on Corley Street. The project includes removal of the concrete pavement from 5th Street west to just east of the railroad tracks. Work is expected to run through early November.

Traffic control, barricades and warning signs will be in place during the project.

Motorists are asked to be aware of all detour signs, advance warnings and other signage, and travel with caution.
